EASTER EGGS DECORATED BY BOYS AND GIRLS

Art Egg Contest Results Are Given By Daly City Recreation Department

With a crowd of impatient youngsters waiting eagerly around the door of the Daly City Recreational Office, the committee from the Daly City units of the PTA weighed carefully the merits of the various entries in the Easter Egg Decoration Contest.

The entries were grouped according to grade and prizes were awarded according to merit. Mrs. M. Seiler, Mrs. O. Kinsey, Mrs. H. L. Remington, Mrs. J. Petersen and Mrs. J. Starkey were the judges and the following prize winners were selected: First Grade, awarded to Tommy Palmer; Second Grade, Robert Lazzerini; Third Grade, Rudy Fensterbusch; Fourth Grade, Diane Rigler; Fifth and Sixth Grade, Irene Guisto; Seventh Grade, Ruth Larson; Kindergarten, Richard Lahey.

Display prize was won by E. Patten of 213 Winchester street.

Our Lady of Perpetual Help School sent in a special group of entries, the winners from this group being: First Grade, Nadine Ochesky; Third Grade, Ester Morgan; Fifth Grade, William Sheldon; Sixth Grade, Barbara Mullen; Seventh Grade, Dolores Henzi.

Each contestant received a small gift as a recognition of their interest and effort.

The success of this effort is due to the splendid cooperation of the local merchants, who aided in the prize-giving; the P. T. A. committee of judges and the excellent work of the recreation leaders of the Daly City WPA Recreation Project—Lena Bingham, Marie Demargasso, Leona Smith, Ed Galli and George McLeod, under the leadership of George Perada.

FEWER TRAFFIC DEATHS SHOWN

In the first two months of this year the lives of 940 persons have been saved through a reduction in the number of traffic deaths below those of the same months last year in the United States. February was the fourth consecutive month to show a reduction below last year's figures. Prize winning cities in the National Safety Council's contest have just been announced. Sacramento is the only California city listed as a winner, showing a 60 per cent reduction in traffic fatalities. Average for all reporting cities was 18.5 killed per 100,000 population, while that of the seven cities winning awards in various population groups was 12.3. These winning cities all had organized, sustained traffic safety programs. Let us see what we can do, in San Mateo County this year.—San Mateo County Traffic Safety Commission.

Peterson To Speak To Jaysee Students

Frederick Peterson of Burlingame, former state assemblyman, will speak at the San Mateo Junior College, Tuesday evening, April 19, from 7:15 to 8:15, before the open meeting of the local affairs forum.

He will give his viewpoint on "San Mateo County Government." The talk is one of a series of Tuesday meetings dealing with San Mateo County government.

THEIVES LIKE ROSES

Theft of seven rose bushes from a vacant house at Edinburgh street and Fordham road was reported to San Mateo police late Saturday by Frederick Smith, 1446 Burlingame avenue, Burlingame.

U.S. Guard Dope Smuggling Details

More than $25,000 worth of opium, seized as it was being smuggled ashore from the United States navy transport Chaumont, in San Francisco, recently, brought strict orders from the United States Treasury Department against discussion of the case in any of its phases. Guarded details of the affair protected G-men who are seeking "higher ups" in an international dope smuggling combine, which has been flooding the West Coast with contraband opiates. Inspector Jess Ayer (left) is shown here questioning Arthur Schweitzer, habitue of a San Francisco night club, where, according to officers, the opium was to be delivered.

RABIES AGAIN PREVALENT IN OUR FAIR CITY

Health Officer Warns Pet Owners To Keep Them Well Guarded

Rabies is dangerous to all animals as well as human beings. Owners of cats, dogs and other kinds of pets are warned of the great danger to their animals from contact with other rabied animals.

Last week a cat died of rabies in Daly City after it was known to have scratched and bitten two persons. It is not known whether it had bitten other animals and persons before that, but it is quite probable that it had.

The first proven rabies in a dog occured in Daly City in November of last year. A quarantine of dogs was declared by the City Council on December 22. Unfortunately, this quarantine has not been observed very effectively; otherwise, the disease would not have spread from dogs to cats. Now that cats are infected in our city, our problem becomes a great deal harder, because it is very difficult to catch cats or keep them under control.

Citizens, it is up to every one of us to stamp this disease out within our city limits. We must all co-operate and combine our efforts to enforce the quarantine strictly. We must not let our pets come in contact with strays or other animals. We must protect them and ourselves by keeping our pets strictly off the streets, as the city ordinance requires. Above all, we must not allow ourselves or any children to play with stray cats or other animals.

Wild animals also get and spread this dreadful disease. It has been seen in coyotes, skunks, badgers, wolves, squirrels, monkeys, rats and among other species.

The only treatment available for rabies is preventive. Any person bitten by a rabied animal must take Pasteur treatment immediately. If one waits until the disease gets hold of him and he begins to have severe signs and symptons nothing will save him.

SUPERVISORS TO DECIDE SOON ON COUNTY RAISES

Members Of Board Divided As To Best Means To Equalize Salaries

The grand jury's county budget committee this week confirmed the story that elective county officials will receive only minor salary increases next year.

The Board of Supervisors, Tuesday, were divided over the proposed salary increases for elective officials, and postponed its decision until the public hearing Tuesday morning of next week.

At least one supervisor was opposed to any raises next year for the elective family.

Another member favored increases for all eight officers who submitted requests for salary boosts.

Others favored the program tentatively agreed upon last week—calling for $100 a year increase for the recorder, treasurer, county clerk, coroner and school superintendent, and a $400 boost for the controller.

This plan had been recommended to the board by County Executive Rolison.

Some opinion was expressed that the county clerk and other officials in the $3500 bracket were entitled to the same raise proposed to give the controller.

At any rate, the "definite action" which County Executive Rolison informed the county grand jury's budget committee would take place at the Tuesday meeting caucus, failed to materialize.

It has been revealed that Justice of the Peace Wade H. Clay of the First Township, who conducts courts in Daly City and South San Francisco, has sent a request to the county executive for a raise in his salary from $175 to $250 a month.

All five justices are being paid $175 a month, this figure having been set by the last county government bill and continued after the charter had been adopted.

Judge Clay beileves that he is entitled to more pay because the size of his district requires that he maintain two courts.

Five of the six officials in the $3500 bracket, namely the clerk, recorder, treasurer, controller and school superintendent asked for $700 raises nearly two weeks ago. The district attorney requested that his $4800 salary be boosted to $5400. The assessor wanted his raised from $4000 to $4500.

The coroner is the only one of the six in the $3500 bracket, who did not request a salary raise.

Other officials who did not request raises were the county executive, the sheriff and county engineer.

HIGHTOWER STAYS IN

William A. Hightower, 60, convicted of the murder of Father Heslin, Colma priest, in 1921, was denied parole by the State Board of Prison Terms and Paroles at San Quentin the first part of the week.

His application was opposed by District Attorney Gilbert D. Ferrell of San Mateo County.

UNION HI SCHOOL GROUNDS SCENE OF EGG HUNT

Annual Easter Event To Gladden Hearts Of Daly City Youngsters

At least a thousand youngsters will be happy on Saturday morning when an annual Easter Egg Hunt will start under way at the sound of the bugle at 9 o'clock.

A wide and generous selection of prizes has been provided by the merchants and officials of the city to reward the finders of the prize eggs.

The start of the hunt will be near the side gate of the grounds leading to the baseball field at Jefferson Union High School.

The recreation leaders of the Daly City Recreation Project are making every arrangement to carry this event off to a successful conclusion and the hearty co-operation given the project by all approached assures the boys and girls of another joyous annual event.

CROCKER PTA TO SEAT OFFICERS

Crocker P. T. A. will hold their annual installation luncheon, Tuesday of next week, in Crocker School on Bellevue avenue. Lunch will be served at 12:15 for members only, with the teachers as guests of honor.

Following the luncheon the officers will be installed by Past President Julia Jordan. Mrs. Virginia Davidson will be seated as president. Friends are invited to attend the installation at 12:45.

The regular business meeting will follow, during which the annual reports will be read and delegates elected to the district convention.

Because of the district convention being held next week the sewing club meeting has been postponed until Thursday, April 28. It will then meet at the home of Mrs. Julia Jordan, 576 Bellevue avenue.

Earthquake And Fire Re-enacted

On Wednesday evening, April 20, at Yosemite Hall, 110 Page street, Matoaka Council No. 18, Degree of Pocahontas, will turn back "Time" to the year of April, 1906.

Realistic scenes of the earthquake and fire will be re-enacted. Candles and lamps will furnish the illuminations.

Sustenance can be procured at the soup kitchen, by getting in line with your tin cup and plate, and the call will be "Come and get it!"

All of this will bring back memories to some of the older members and some younger members, too, but we hope the recollections will be pleasant.

COUNCILMEN SELMI-TWESTEN AND SUNDERMANN ARE RE-ELECTED TO OFFICE BY LARGE MAJORITY

Paul G. Selmi

Victorious Candidates Pledge Continued Progress And Efficiency Here

Carrying six out of nine precincts, Tuesday of this week, incumbent Councilmen Selmi, Sundermann and Twesten were swept back into office by a popular majority of approximately 300 votes.

After an active and sincere six-weeks campaign the victorious candidates smiled tiredly when interviewed by The Record.

"As always we shall continue to lend our most earnest efforts to the development and progress of our city and to the happiness of our people," was the consensus of their statements.

Councilmen Selmi, Sundermann and Twesten have served Daly City many years as competent public officials. Their administration has sponsored much civic growth here and during that period the population of Daly City has more than doubled.

H. Sundermann

Four projects, lending to the progress of this community, are now under way. They are:

(1) A new library.
(2) Federal recreation project.
(3) Parks and playgrounds.
(4) Street improvements.

The new library, to be located directly in front of the present structure, will be 32x52 feet in size and adequately equipped with up to date facilities, is now under construction and well on the way to completion. The doors of its modernistic stucco front are scheduled to swing open early this summer. The present library building will be connected to the new building and arranged as an attractive children's department.

RECREATION

The Daly City Federal Recreational Project was inaugurated here on December 27 of last year. This program is five fold and more in its benefits to this community.

(1) It provides supervised play for children, thus keeping them off the streets and enjoyably occupied.

(2) It reduces child delinquency.

(3) It offers young people and adults recreational and social facilities of genuine merit.

(4) It employes a staff of 25 local men and women with an average aggregate payroll of nearly $1200 per month.

(5) In short, the Daly City Recreational Project develops character, builds individual and community morale, makes the lives of local citizens happier and of greater value to themselves and their neighbors.

PARKS

Development of Vista Grande Park is being made in a steady and orderly fashion. In the near future tennis courts, ball diamonds and other recreational facilities will be constructed there. Improvements have already been started on the recently purchased playground site at Acton and Brunswick streets.

STREETS

The widening of San Jose avenue, widening of Hillcrest drive and cutting through of Westlake avenue are three major street improvements completed in Daly City in the past two years. Preparatory work for the permanent paving of Templeton avenue in the upper section of the Crocker Tract has been started. That work will be finished by summer.

The newly re-elected public officials pledge that continued efficiency and progress will be the administration policies concerning all city departments.

Following are official election returns:

GLAD HE IS STILL ALIVE AS GAS DEATH TRY FAILS

Conceives Idea Of Suicide, But Decides Life Is Much Better

Albert Dawes, 38, thought he would be better off dead and attempted to carry out that thought Saturday night of last week, but now is mighty glad his advances to woo death were spurned. He has promised never again to stick his head in a gas oven.

Dawes, according to police, returned to his home at 29 Peoria street at 7:30 o'clock that evening, and finding neither his wife nor 15 year old son at home, telephoned his sister of his intention to take his life. Then he stuck his head in the gas oven.

His sister at first thought Dawes was joking, but later went to his home to make sure. There she found the doors locked, and called police. They found Dawes unconscious.

He was rushed to Villa sanitarium here, where he lay for three hours in a respirator while the fumes were pumped from his body. He left the hospital Sunday morning, thanking hospital attendants for their aid and promising to stay alive just as long as possible.

GIRL CHRISTENED

The infant daughter of Mr. and Mrs. Harry Krohn was baptized at 2 o'clock, Sunday afternoon of this week, by Father Smith at Our Lady of Perpetual Help Church.

Godparents were Mrs. Irma Oughin of San Francisco and Tony Lucia, better known as Eddie White, of Daly City. The baby was named Audrey Emma.

A gay reception was held at the home of Mr. and Mrs. Krohn on Santa Barbara avenue with dancing and refreshments being enjoyed by all.

CLEAN UP WEEK SPONSORED BY CITY COUNCIL

Early in May, trucks will call at all residences to pick up rubbish.

Daly City will have its second annual spring cleanup week early in May, under the direction of the Board of Health and the approval of the City Council.

Dr. A. A. Shaghoian, Daly City health officer, hopes that the hundred per cent popular support which was given to this program will be extended to other vital health department activities which our residents want for their community.

Circulars giving full details of the cleanup program will be sent out with the next water bills. Residents are requested to gather any rubbish which may be on their premises into boxes or sacks. On a designated day, the Health Board requests that this rubbish, in containers, be placed on the sidewalk, near the curb. This will be picked up by trucks, at no expense to residents.

Mrs. Meeth read the following paper, appropriate for the month of April:

OUR WAR MONTH

Proud-Pied April, month of gentle showers and winds, happens by some strange chance to be our month of wars.

All our wars, excepting that of 1812, began in April. On April 19, 1775, the embattled farmers of the Revolution fired the shot heard round the world at Concord Bridge.

The Mexican War began on April 23, 1846, when General Zachary Taylor's forces engaged Mexicans at Matamoras.

The Civil War began with the bombardment of Fort Sumter by the Confederates on April 12, 1861.

On April 21, 1898, Congress declared war on Spain, the first formal war declaration in American history.

And on April 6, 1917, America entered the "war to make the world safe for democracy."

We have been a peaceful country; in 150 years of life as a nation we have fought six major wars, more than one in every generation. Why have we desecrated the first month of spring, nature's season of birth and life, by setting out to kill?

Railway Express Agency To Have Exhibit At Festival Of Youth

Helping to broaden the scope of interest at the Festival of Youth, the Railway Express Agency has made arrangements with the Festival Committee for reservation of display space at the old Vista Grande School, Parkview avenue and Mission street, on Saturday, April 23.

Under the direction of James T. Greig, traveling commercial agent of the Railway Express Agency, and with the assistance of Leo Lemon, supervisor of motor vehicle equipment of the same company, an attractive and well balanced booth has been planned.

The booth will be decorated with colorful posters depicting exress progress down through the years from the earliest slow and uncertain cross-country Pony Express, which was vividly dramatized in the photoplay "Wells Fargo" featured at our local theater last week, down to the present-day fast and safe methods of shipping by motor, rail and air.

If Mr. Greig is fortunate in procuring the loan of a miniature stream lined train from the Southern Pacific Company, it will be placed on display as an interesting and educational feature for the youthful attendance.

A representative of the Railway Exress Agency will be on hand most of the day to answer shipping questions and to demonstrate the advantages of shipping anything anywhere by Railway Express.

Feodor Chaliapin Dies In Paris

The world famous Russian basso, Feodor Chaliapin, died recently in Paris at the age of 64, result of a kidney ailment which brought on anemia, against which blood transfusions proved unavailing. Chaliapin was born in a peasant hut in Kazan, on the Volga, now capital of a soviet republic. Although a "people's artist," he lived in exile from his native Russia. Chaliapin was well known on the west coast, which he toured frequently in the 1920's.

ANIMALS ARE TO BE RECOGNIZED BY SPECIAL DAY

Be Kind To Animals Week And Humane Sunday Announced By American Humane Association

Members of Humane Societies throughout the United States are preparing for the observance of Be Kind To Animals Week, April 24 to 30, 1938, with Humane Sunday on April 24. Committees have been named in each city and the campaign is well under way to focus public attention upon humane work during that time.

Matthew McCurrie, secretary of the San Francisco Society for the Prevention of Cruelty to Animals, has an appeal to clergymen of all denominations in northern California to preach sermons on the subject of kindness to animals on Sunday, April 24, and announced that material for the preparation of sermons would be furnished by the San Francisco Society for the Prevention of Cruelty to Animals to any clergyman on receipt of a postcard at its office, 2500 Sixteenth street, San Francisco.

The movement to observe one week each year as Be Kind To Animals Week is fostered by the American Humane Association, the national federation of humane societies, at Albany, New York, and the association is making unusual efforts to have the celebration universal this year.

The committee for northern California is composed of 18 members, each of whom is directing the work in their locality. All are anxious to communicate with any one willing to help in the work.

Surprise Shower For Bride To Be

Mrs. William Kennedy was hostess to a large gathering of friends, Friday evening of last week, at the home of her mother, Mrs. James Bennett. The guests met to surprise Miss Georgina Cockburn, cousin of Mrs. Kennedy, on the eve of her marriage to Mr. R. J. McLeod.

The dining room and table were artistically decorated in white and blue. A blue parasol, with white streamers was suspended over the center of the table and marked the presence of a huge cake, which contained eighteen toys. These various hidden tokens, when brought forth, caused much merriment. Another unique and appropriate feature was that of a large doll, a duplicate in miniature of the bride to be with the bridegroom and preacher all ready to step into the small carriage awaiting them. The sign post and mileage to Lost Angeles told the rest of the happy story.

Delicious food was served and Miss Cockburn received many handsome gifts.

The wedding is to take place tomorrow evening, April 16.

The following guests shared in this joyful event: Mesdames J. Merlo, J. Moresco, W. Foster, D. Neish, F. Dickminter, James Kennedy, Alex Lemon, R. Longmore, W. Anderson and D. Duff and Misses Rose, Inez and Lorraine Merlo, Rose Zoggiano, D. Neish and Jean Kennedy of San Francisco.

Friends from Daly City included Mesdames I. Fryer, J. Mullen, L. Schauer, J. R. Bennett and William Kennedy and Misses Jean Kennedy and V. Schauer.

BOY SCOUT NEWS

TROOP NO. 141

A feature of our last troop meeting was the practicing of our Festival of Youth song. Mrs. Laston, mother of Don, played the piano while we did our best to shout out the chorus loud and strong. This song was written especially for the Festival of Youth by a member of our troop committee. It has a special tune suggested by the author. We feel that we've "got something." So don't worry, you will hear this song a good many times before the Festival of Youth goes into history.

George Hodges, a prospective Scout, visited our troop last meeting and intimated that he would like to throw in his lot with us. Our membership is gradually increasing and we hope to report many new members by May 6, our troop's birthday.

The Vista Grande School basement has been swished out slick and clean. It was sho' some dirty job. And how! Work has already begun on the booths and other arrangements.

Metal flag holders for our Festival of Youth banners have been constructed and will be put in place, Saturday of this week. The making of these was quite an undertaking, as it required considerable planning, cutting, shaping, riveting and painting. The work was done at the Downall Metal Shop on Mission street. We are very grateful to Mr. Downall, the proprietor, for the use of his shop, equipment and materials for this project. This incident illustrates the splendid way that Daly City merchants and citizens are co-operating to help make the Festival of Youth a huge success.

Our troop planned an overnight camping trip for Thursday, April 14, and, of course, we will be enjoying it when this reaches the readers. On the hike it is planned to prepare material for the festival, such as rustic work.

The Waterdog Patrol again met at the home of Edward McIntosh this week. They worked on baskets and rolling pins for the festival and rehearsed their skit, "Breakfast in Camp," which is to be presented at that affair. Ed's mother again served delicious cake. (Better look out, you Waterdogs—lest you become cake eaters!)

The Indian Patrol hasn't let out those expected warwhoops as yet. At their meeting the skit, "Prof. Strong, Muscle Maker," was gone through. Later metal work and printing for the festival was engaged in.

BIRTHDAY PARTY

Mr. and Mrs. E. Byrne of Mission street were hosts at a dinner party given to surprise Mr. Byrne on his natal day, Sunday of this week.

The guests included Mrs. D. Kraus, Charles Byrne and Mr. and Mrs. J. D. Eason and family.

ENTERTAINS CLUB

Mrs. Virginia Webb of San Diego avenue entertained the members of her sewing club, Wednesday afternoon of last week.

Her guests were Mesdames Edna Bergreon, Rena Beecher, Thelma Beecher, Cecelia Kennedy, Mary Conci, Kay Stanley and Madeline Ferro and Miss Verna Conci.

STRONG PLAY IS TO BE ALCAZAR NEXT OFFERING

Vivid Dramatization Of National Social Justice Forcefully Portrayed

An exciting drama in which a powerful protest against dictatorship is registered made its bow at the Alcazar Theater Monday night, April 11. The play is Elme Rice's prophetic "Judgment Day." It will be presented nightly for a two weeks run.

"Judgment Day" is a vivid dramatization of national socialist justice as seen by Rice. Its theme is a passionate outburst against the totalitarian state, with an intense hatred by he author of its methods. Dictatorship is arraigned as defendant before the bar of world public opinion. Without any great strength of imagination the action of the play could easily be interpreted as what is going on behind the scenes in dictator saddled countries of Europe at the very moment. The locale, according to the program, is a "southeastern European country."

"Judgment Day" calls for the very best talent of the Federal Theater Project and it has been given just that. The five judges—played by Daniel Pennell, Richard Allan, J. Raymond Northcutt, Walter Farnsworth and Rupert Drumm—are excellently portrayed. Alice Hult, Leon Forbes and David Cole as the three victims of a political conspiracy render splendid account of themselves. Others in the cast noteworthy for their fine work are Georgette Arian as the opera singer, Crawford Parks, Maurice Hugo, Scott McLean, Vera Rothery, Ruth Saville, Buddy Clarke, Ben Legere, Max West, Solly Carter and Mario Scarpa. The cast numbers more than fifty actors.

"A Murder Has Been Arranged" by Emlyn W. Williams, English playwright, will follow "Judgment Day" into the Alcazar.

WASHINGTON NEWS
FROM OUR CONGRESSMAN JOHN J. McGRATH

Business Outlook — Three successive months of relatively stable production at the present level leads the government forecasters to believe that the bottom has been reached. Getting attention at present are two favorable factors. In the first place evidence that home building is showing a strong revival this spring under influence of the new Federal Housing Act credit terms. Second, the stability of the foreign market for American products stimulated by armament demands. The broad interest shown by individuals in construction of moderate priced homes has convinced the leading government economists that recovery will be brought about by home construction.

Detection Of Bad Money—Classes are being held by the United States Secret Service to help men and women in every line of business, determine good money from bad. Everybody interested is welcome to these government classes to be given free, and held in neighborhood schools in many places throughout the country. Fifteen secret service agents have been assigned to this work. Enlarged photograph reproductions of counterfeits will be used by these agent-teachers to explain the art of counterfeit detection and advise how to deal with passers of bogus money. New York City will held the first of these series of classes. A letter of inquiry addressed to Frank J. Wilson, Chief, Secret Service, Treasury Department, Washington, D. C., will bring information of the meetings to be held in any particular area, or you may write to my office.

Harold L. Ickes, Secretary of the Interior, stated in his recent address: "May I say that if communism constituted the threat to this country that fascism does, I would be as unsparing in my denunciaion of this equally obnoxious and un-American system. But, if we are realists, if we are taking note of what is happening in other parts of the world, we cannot escape the conviction that so far at least as the present is concerned, fascism is the deadly and insidious foe that we must prepare to combat without loss of time. Let us make no mistake, fascism is a real threat to our institutions. More and more people are coming to recognize the danger even to America of this ruthless monster that hunts by day and prowls by night. They are coming to realize that unless we are luckier than we are likely to be, our concern for the safety of our democratic institutions will increase rather than diminish. For fascism—arrogant, devoid of conscience and knowing no mercy for man, woman or child—is on the march."

* * *

Uncle Sam Buys Goods—Orders for thousands of different articles every year are placed by the United States Government. Most of these orders are for mass supplies at terms advantageous to the government for all agencies rather than a single one. How the bids should be made and when, is determined by the Division of Procurement, and most of the business is done by contract which is usually awarded to the lowest bidder. Anyone interested in selling supplies to the government may obtain a schedule of supplies the government may need in the inquirer's lines by writing to the Branch of Supply Division of Procurement, Treasury Department, Washington, D. C., or write to my office.

* * *

Youth Of Today—It continues to be difficult for the youth of today, both the urban youth and the rural youth, to fit himself into the social and economic pattern of the nation. The government is trying to alleviate the distress of youth by programs costing hundreds of millions of dollars every year. Some of these programs, the National Youth Administration; CCC program; vocational training and WPA program, are aiding youth a great deal. The greatest of these, the CCC, has the wholehearted national endorsement and any suggestion of curtailment would bring a severe protest from the members of Congress. It is a program that not only aids youth and their families, but builds up the health and morale of a new generation by building up a nation of hard working, clean living and well disciplined youth.

* * *

Aviation Students—Any interested person or company may obtain various reports made by the National Advisory Committee for Aeronautics, which was created by Congress in 1915 to direct the study of flight problems and conduct research and experiments in aeronautics. These reports deal with aerodynamics, airships, engines and accessories, fuels, helicopters, hydrodynamics, instruments and materials, meteorology, parachutes, propellers, seaplanes, stability and control, strength of construction and other subjects. Lists of the reports available may be had from the Government Printing Office, Washington, D. C., or from my office.

* * *

Conservation—Several months ago President Roosevelt asked Congress for legislation to create seven regional planning authorities similar to TVA. Now the House Committee on Rivers and Harbors has reported a national planning bill for regional conservation and the development of natural resources. A national Resources Board of eleven members, including a member from each of seven regions, will be created by the bill. In each section, a regional conservation committee would be set up, which would, like the board, be outside the civil service. Both the board and the committees would appoint all necessary officers and employes "on merit" without "political test."

Woodrow Wilson Installs Officers

The regular meeting of the Woodrow Wilson P. T. A. will be held, Tuesday afternoon of next week, in the Woodrow Wilson School at 2 o'clock. At this time the following officers will be installed to serve for the coming year: President, Mrs. Louise Laston; vice president, Mrs. Lillian Thomey; honorary vice president, Miss Majorie Tobias; recording secretary, Mrs. Martha Linden; corresponding secretary, Mrs. M. J. Stegeman; financial secretary, Mrs. Lucille Lemon; treasurer, Mrs. Emma Sorg; auditor, Mrs. Annie Smith; historian, Mrs. R. L. Twede; parliamentarian, Mrs. Grace Hill.

Mrs. Edith Fuhr, sixth vice president of the Seventeenth District, will be the installing officer.

A most interesting program has been planned for the afternoon.

On Thursday and Friday the president and delegates will attend the district convention in San Mateo.

Loyal Orange Lodge In Regular Meeting

The regular meeting of California True Blue, L. O. L. No. 118, was held in the Masonic Temple, Daly City, on Friday of last week. There was a large attendance of the brethren.

In the tribute to the passing of Brother George McLeod of L. O. L. No. 127, San Francisco, on April 2, the brethren observed one minute of silence, followed by the playing of Handel's Largo in G.

Plans to accomodate the California State Grand Loyal Orange Lodge at the convention to be held on July 1 and 2, in Daly City, were discussed. Brothers A. Murray, W. W. Allen and William Cornwall were selected to make the necessary arrangements.

It is of noteworthy interest that this will be the first occasion that Daly Ciy is to be honored by playing host to the California State Grand and subordinate Loyal Orange Lodges.

Following the meeting Brother P. W. D. Campbell, P. M., gave an interesting talk on the aims and purposes of the Orange Institution in the United States of America, during which he presented much constructive food for reflection.

Last Sunday, on the Ocean View diamond, the Daly City Lions defeated the Bernal Park team, 6 to 4, in a hard fought battle. This is the third straight win for the Lions.

Kelly pitched a good game for the winners, and, although he got into holes quite often, he was able to get out of them with little damage done. He struck out twelve batters in nine innings.

The hitting stars were Griffen, who hit a double and a single; Sheridan, who hit a double; and Madrid, who collected a triple and a single. In the second inning Player Manager Berg went behind second to rob F. Manina of a single and turned it into a double play. The score:

PEANUT BUTTER MUFFINS

(From Mrs. John Kinsey)

1 cup flour
3 teaspoons baking powder
1 tablespoon sugar
½ teaspoon salt
½ cup cornmeal
3 tablespoons peanut butter
¾ cup milk
1 beaten egg
1 slice bacon (may be omitted)

Combine and sift dry ingredients. Add peanut butter and milk. Stir just enough to make a smooth batter. Fold in well beaten egg. Bake in well greased muffin pans or in loaf pan with bacon diced and sprinkled on top.

SANDWICH LOAF

(From Mrs. George Cofer)

Remove crust from loaf of sandwich bread and slice lengthwise into four layers. Spread slices of bread with butter, then with desired fillings. Following are some suggestions:

Red Filling

Ham finely ground or salmon
Chopped pimento
Mayonnaise

Yellow Filling

Yolks of hard boiled eggs (grated)
Mayonnaise

Green Filling

Sweet pickles
Water cress or parsley
Olives and nuts
Mayonnaise

Chop and thoroughly mix all ingredients.

White Filling

Cream cheese
Grated cucumber
Mayonnaise
Chopped tuna fish or chicken
(optional)

Put four layers together and wrap tightly in damp cloth or waxed paper. Chill thoroughly in refrigerator. When ready to serve cover loaf with following mixture:

Two packages cream cheese softened with salad aid and Worcestershire sauce.

Spread on the outside of loaf as you would ice a cake. Garnish with slices of stuffed olives, tomatoes, lemon and sprays of parsley. Cut loaf into slices ¾ of an inch thick and serve. If desired two kinds of bread may be used, alternating white and whole wheat.

EASTER EGG SALAD

(From Mrs. Maude L. Pitschke)

1 bunch beets
Vinegar
6 hard cooked eggs (shelled)
Lettuce

Peel and dice the beets. Cook until tender in slightly salted water. Add enough vinegar to cover. Leave eggs in red beet water overnight or until the shade of red desired. Eggs may be sliced and served on lettuce with salad dressing; or cut eggs in half, remove yolks and season with salt, pepper and salad dressing. Arrange this mixture in mounds on the halved eggs. For individual servings, put two halves on a lettuce leaf and put 1 tablespoon of diced beet pickles on the side.

Interesting Charts Made In Classrooms

Many interesting and unique charts and graphs, made by students, may be seen in the various classrooms at the Woodrow Wilson Elementary School. These interesting modern techniques of teaching are kept by students, thus encouraging them in accomplishing their aims. Unique reading, spelling, thrift, scholastic records and citizenship graphs are posted on classroom bulletin boards, so that students know their accomplishments and how they may improve their work.

Individual students are interested in their own achievements as well as those of their classmates. This competitive visual means kept by students is the technique which modern teachers are using so that when parents visit their childrens classrooms they are able to comprehend the quality of work their children are doing.

OBSERVATIONS OF GOINGS ON IN NATION CAPITAL

One Of The Most Interesting Collections Of Literature Ever Assembled Housed In Building On The Capitol Grounds

(By Hart Goodrich)

Across the street from the Supreme Court building and just behind the imposing buildings of the Library of Congress stands a beautiful little edifice which houses a most complete collection of books, manuscripts, pictures, etc., of Shakespearian literature. This collection is valued at $4,000,000. However, it has just been made public that the world-famous Harmsworth collection of books, printed in England between 1475 and 1640, has been purchased for the Folger Shakespeare Library at a cost of $2,500,000.

Henry Clay Folger spent his large fortune in collecting Shakespearian literature and at his death willed this precious collection with funds for the building and maintenance of the Folger Library, as well as ample funds for the purchase of material of like nature. The trustees of Amherst College are also the trustees of this libary.

Sir Leicester Harmsworth began about the same time Mr. and Mrs. Folger did to collect books dealing with English culture from the beginning of the Renaissance to the establishment of the Commonwealth under Cromwell. Mr. Folger concerned himself mainly with the literature of imagination—poetry, plays and belles letters in general—whereas Sir Leicester collected materials including the subjects of philosophy and natural science, theology, history, economics, classical scholarship, education, law and the like. As a result, when combined, these two libraries furnish a more or less complete printed record of the Elizabethan period.

There are many old books and manuscripts concerning the discovery and settlement of America, including material by Sir Francis Drake, the younger, and Captain John Smith of Pocahontas fame.

The number of volumes acquired approximates 9,000 and is valued on the market at $5,000,000. However, the collection was sold intact to the Folger Library for half the price, or $2,500,000.

Dr. Joseph Quincy Adams, director of the library, sums up his announcement of the above news by stating: "Through the acquisition of the Harmsworth books the Folger Library, already supreme in the field of Shakespearian literature and rich in the general literature of the period, takes rank so far as the Sixteenth and Seventeenth centuries are concerned, with the British Museum, the Bodleian at Oxford and the Huntington in California. Placed in the nation's capital and deeded by its founders to the trustees of Amherst College to be administered as an institution for disseminating knowledge of English literature, it will serve as a valuable agent for the development of an exacter scholarship and ultimately of a finer culture throughout the land."

It is significant that Washington, the political capital of the United States, is fast becoming the cultural center of this country, too. A cultural center that is growing up untrammeled by the politics of any one party, uninfluenced by any transitory political thought, and free to include the culture of all races, creeds and political groups.

Held To Answer For Alleged Assault

Frank Nobles was this week held to answer to superior court by Judge W. H. Clay on a charge of criminally attacking Marcella Aragon, San Francisco dancer, here several weeks ago.

Nobles, acquitted in San Francisco of a charge of kidnaping the girl, is held in the county jail in lieu of $2,500 cash bail or $5,000 bond.

PIONEER WOMAN DIES

Mrs. Mary Behre, formerly of Theta avenue Daly City, passed away, Wednesday morning of this week, at the home of her daughter, Mrs. Margaret Rogers, on Twenty-fifth street, San Francisco. Mrs. Behre had been ill for several months.

Behre, mother of Charles S., Mrs. Mamie Goldkuhl, Mrs. Margaret Rogers, Mrs. Francis Jackson and the late Robert L. and Elizabeth Bell Behre. She often referred to the days when the Daly City Record existed under the title of the "Tattler," taking unusual interest in its publication under the editorship of her son, the late Robert L. Behre.

On Thursday evening of last week Mr. and Mrs. Carl Majesky of San Anselmo entertained at a "bon voyage party" at their home in honor of Mr. and Mrs. Fred Wegmuller of Irvington street, who are planning a six months vacation tour of Europe, their final destination being Switzerland.

EXPECT LESS ACCIDENTS BY NIGHT LIGHTING

Bayshore Highway Has Been Supplied With Increased Illumination

A reduction in accidents was predicted by traffic experts from now on as the new Bayshore Highway lighting system was put into regular service Tuesday night of this week.

That section of Bayshore highway has been a treacherous section since the highway was built.

There were five daylight fatalities on that stretch during the year before the new lights were installed. Following the installation, a twelve month period showed but six fatalities in all, five of them daylight accidents.

Three different types of lights are used in experiment of the state highway department traffic safety program. The lights are placed approximately 145 feet apart on alternate sides of the highway for the three and one-half mile stretch between Bayshore City and South San Francisco.

Types being used are the "butterfly" reflector, the "airplane," and the glass enclosed type. These three designs, all different in appearance, represent three scientific solutions for the night accident problem and for minimizing of headlight glare.

F. J. Wellhouse, Westinghouse engineer in charge of installation of ninety of the new lights, predicted the increased use of highway lighting would materially decrease night traffic accidents.

SPECIAL SONG IS COMPOSED FOR YOUTH FESTIVAL

Music Is Also Original—To Be Featured On Afternoon And Evening Programs

A song has been written especially for the coming youth event. Joseph Straughan is author of it and co-composer of the music which has a decided festival swing. The song was introduced to the boy and girl groups at last week's meetings. An electrical transcription is to be made with the youngsters voices for sound truck advertising purposes and the song will be a feature of afternoon and evening programs at the festival as well as at the opening exercises in the morning. Here are the words:

THE FESTIVAL OF YOUTH

Boy Scouts, Girl Scouts, Cubs and Brownies,
We're a happy throng,
Dads and mothers; scores of others
Help us march along.
Loyal to our God and country;
Town and home are we.
Living, learning, serving—
Citizens to be.

Chorus

The Festival of Youth is here!
With joy for everyone.
Exhibitions, demonstrations,
And fun, fun, fun!
Joyous singing; hearts a'ringing;
Everyone is glad to come.
To join our throng; to march along;
To whistle, sing or hum.
The Festival of Youth is here!
Let all join in the fun.
Let all be young and gay today—
Yes, everyone.

JUNIOR COLLEGE STUDENTS DIG UP INDIAN BONES

To Display Art Work On Pan American Day—Athletic Activities

San Mateo Junior College students, working under faculty supervision, have started digging in the Indian mound on the Bourne estate in Spring Valley. In their first hour of work, the three diggers uncovered the complete skeleton of an Indian.

San Mateo is now displaying 23 pieces of student art work in the DeYoung Museum in San Francisco as a part of the student exhibit arranged by twelve junior colleges of northern California. Another display will be exhibited next year.

In recognition of Pan American Day, the junior college has arranged Spanish exhibits in the San Mateo and Burlingame public libraries. Materials from Mexico, Guatemala, Bolivia, Chile, Peru and South America generally were collected for the display by students in the Pan American Club.

Tickets for the term play, "Stage Door," will go on sale Monday for the two performances in May. Rehearsals are progressing under the direction of Miss Ada Beveridge, drama instructor.

Tuesday afternoon the junior college debate team will debate the University of California squad at the junior college. It will be the second debate with the university this term.

Defeating Sacramento Junior College, 6 to 2, in a recent league game, the junior college nine will face the San Jose State baseball team on the jaysee home diamond this Saturday. Next week the junior college team will go to the Salinas Jaysee for two league tilts.

San Mateo's crew took second place in league standings, just behind the University of San Francisco squad. The Mateans lost their race with University of San Francisco by half a length when the Mateans dragged a life preserver for part of the race.

TALE O' THE TOWN

By Joseph Straughan

MISTAKES

Mistakes will happen. That's why erasers were invented for pencils; but errors cannot always be disposed of so easily. Even doctors have to bury theirs occasionally. Sometimes our mistakes just have to be laughed off, but then we do get to laugh at the other fellow once in a while.

Just the other day I was packaging breakfast cereal and Jimmy Dake, a cub in my pack, came in and asked for some Festival of Youth Credit Tokens to sell. "Just a jiffy, Chimmy, mine poy," I admonished him, and continued to finish my job.

"Never mind," he said and I thought he had changed his mind as youngsters so often do, and the matter just flopped right out of my noodle.

A few days later Jimmy came in with a sort of "cat ate the canary" grin on his face. "Now what?" I ask.

"Plenty!" was his reply. "You r'member t'other day when I ast you for some tokens?" I remembered and nodded my head.

"Well I told you to 'never mind' and just took a couple myself; only they wuzzant tokens."

It was my turn to grin, but I just let him continue.

"Well I went to a lady's house (lucky it was my cousin) and made a swell sales talk; sold the two tokens (?)—got the two dimes and a good ballin' out for trying to sell Boyjoy Breakfast Food labels 'thout packages 'tached to them!"

Well, I had my best laugh since Glenn Goode got his towel twisted at Scout camp last winter and Jimmy, being a good sport, joined heartily with me.

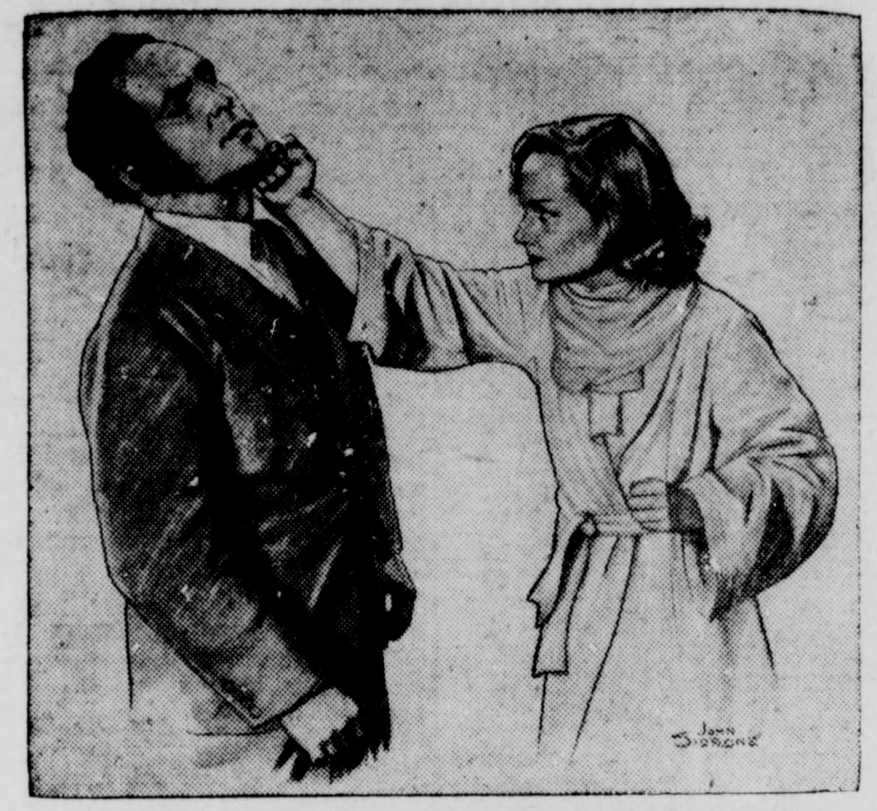
CAN CAROLE DISH IT OUT?



Yes, it's a knockout! Carole Lombard and Fredric March in scene from "Nothing Sacred."

Special Equipment Used In Color Film "Nothing Sacred"

"Nothing Sacred," David O. Selznick technicolor production, scheduled for showing at the Daly City Theater on Sunday next, co-starring Carole Lombard and Fredric March, and directed by William A. Wellman, will be the first color picture in screen history to utilize newly invented equipment which makes possible unusual photography.

Devised by Jack Cosgrove, the color process printer, as it is known technically, makes possible the showing on the screen of several different scenes simultaneously. Trick photography of all kinds is now also available to the technicolor cameras, through this invention.

It took a year's research work and an expenditure of more than $4000 for experimental purposes, under studio subsidy, to bring the device to perfection. Film engineers have been striving for years to achieve this result.

Also, on the same program, you will see and hear Gene Autry in "Boots and Saddles."

W. C. Lasswell Co. Following Trend

When you and I pass on, we, of course, will probably be quite oblivious of the flowers and the beautiful surroundings at the chapel, but it is a comfort to loved ones to leave not one stone unturned in making the last rite a thing of perfection and loveliness.

W. C. Lasswell and Company, our local morticians, have recently redecorated their establishment, stipling and painting throughout, new Venetian blinds, new carpets and furniture throughout, building of new layout room, remodeling two additional layout rooms, new smoker, remodeling of dressing rooms, new electric light fixtures and a new heating and ventilating system.

The above improvements are following the Daly City trend, "Progress." Citizens of this community should be proud of their beautiful and up to date mortuary.
